Hello Ivan! So good to hear from you! We are doing well! Looks like you are correct on the amounts. We received \$240 from you on January 27th and another \$90 from you today. Thank you!

We are actually in the process of identifying a family who needs a roof. I just chatted with our friends in South Africa today about it. Please continue praying as we do this process. There's always lots of need and we want to be sure and provide for the right family!

I'm so sorry you haven't received your shirts yet. I looked up the tracking number (UH031749828US) on [http://]usps.com and it just says in transit to next facility. If you can't find any info out on your side, let me know and I'll go into the post office here and see if they can give me some answers. There was another Brazilian order the same time as yours and I know she just got hers last week. Anyway, let me know. It's been a long time since you ordered, and I want to make sure you get it soon!

So sorry you had COVID but so glad you are recovered! I'm sure that wasn't fun at all!

Thanks so much for being an advocate for our work, Ivan! I will let you know as soon as we've identified a family. Once that happens, the process will go pretty fast!

Have a great day!

Jen

Hello my beloved ones! How are you?

I am very happy to finish sending all the money raised in our campaign today.

(<https://sharity.com.br/campanha/saque/construa-um-telhado-para-uma-familia-na-africa>)

Now I want to do an accountability, so that everything is accounted for correctly on my part, but I need to do it in the value of the currency of Brazil, okay?

The total collected was R\$ 2100

The amount paid in fees for the platform was R\$ - 205.00 (almost 10%)

Totaling the net amount of R \$ 1895.00

I sent you the first payment of R\$ 1375.00

Now I send the sum of R \$ 544.00,

Totaling the net value of R \$ 1919.00

You received in dollars:

The first payment of \$ 240

And now the second payment of \$ 90.

OK?
